Public/Legal Notice

We the People as the de jure body politic established and according to the UNITED STATES CORPORATION's own rules that a de jure assembly has superior lawful standing to a de facto assembly. We the People being of the de jure assembly do hereby formally rebuke the UNITED STATES CORPORATION's public notice to inform the UNITED STATES CORPORATION that they are in violation of the U.S. Constitution, as the acting Government, their power and position is afforded to them by the people for the states united and contingent upon them residing within the limits and jurisdiction defined by the U.S. Constitution. In accordance with the constitution. We the People have identified that the Child Vaccine Injury Protection Act under 42 U.S.C 300aa-27 and H.R.5546 - National Childhood Vaccine Injury Act of 1986 are a "No Law" and Wholly Void for the following reasons: Congress does not possess the authority to remove liability from a corporation or individual (Congressional record session 41 ch 63 section 1). In so doing the corporation or individual would operate without any risk of consequence and would therefore be operating as a foreign agent with special privileges not enabled by the Constitution and thus in violation of the Law of the Land. The Government is not allowed to create mandates that they profit a contract by which a lawful business is committed to the management of another and by him undertaken to be performed gratuitously. The mandatory is bound to the exercise of slight diligence, and the United States Corporation is responsible for gross negligence and dereliction of duties being found in breach of trust of the people.

We the People intend to return and maintain the government of the states united to the status proclaimed by the Magna Carta, the Declaration of Independence and the Original Organic Constitution dated 1787 and amended in 1791. Any attempt to violate the fundamental rights of the people, through unlawful policy, unlawful statutes, words, or by force is therefore considered an act of treason as stated in Title 18, U.S.C. Sec. 2381.

Child Vaccine Injury Protection Act under 42 U.S.C 300aa-27 and H.R.5546 - National Childhood Vaccine Injury Act of 1986 established liability as law in clear violation of the U.S. Constitution and is therefore impossible to enforce and is in fact a No Law from the time it was written according to American Jurisprudence 16 sec 177 rd sec 236.

We hereby give notice that we have confirmed our lawful standing for this lawful declaration. Anyone responsible for criminally willful negligence will be held personally liable in their own capacity and are subject to being charged for treason and will have to answer to We the People.
