28 July 2015

WHO memos from 1972 explain how to turn vaccines into a means of killing. First published 2009.

Coronavirus Isolated From Humans, Patent Timeline (<http://thebridgelifeinthemix.info/health/coronavirus-isolated-humans/>)

Two key memorandums from the World Health Organisation, (WHO) discovered by Patrick Jordan, show the WHO has intentionally created the three-shot killer vaccine, with the intent under pandemic regulations, to force people to take as mandatory under some fantasy corporate declared meltdown. It is the Contingency Act 2004 in the U.K., the Patriot Act in the U.S. with all other nations under the U.N. controlled insolvency administration (<http://thebridgelifeinthemix.info/british-law/1933-bankruptcy-declarations-opened-debt-slave-vessel/>) platforms having there own version, that the incorporated governments (<http://thebridgelifeinthemix.info/british-law/government-corporation-death-raised-life/>) will move to enforce the madness you are going to read about in this report.

Many statutes were changed during the 2009 (<http://thebridgelifeinthemix.info/education/peel-park-primary-school-contingency-drill/>) flu script that will allow the State to enforce vaccinations under the mental health platform you promote with vigour, without recognising the shadow agenda ready to become the rules of the corporate State (<http://thebridgelifeinthemix.info/british-law/laws-nation-laws-state/>).

1972 WHO Bulletin 47, No 2 Memoranda #1 and #2

Virus-associated immunopathology :

Animal models and implications for human disease technically outline the ability to create biological weapons in the form of vaccines that :

- 1) Totally disable the Immune System.
- 2) Load every cell of the Victim's body with Infection.
- 3) Switch the Immune System on causing the host to kill themselves in a Cytokine Storm.

One, Two, Three, Dead.

These WHO Memoranda's describe the three-stage impact of the three shots many people will be forced to take in the autumn to allegedly treat a virus that WHO also helped create and release.

This is a crucial piece of evidence of WHO's long-term intentions because these memorandums give the best and fullest insight into the WHO and affiliated labs, (such as the CDC) and their current activities, activities such as the patenting of the most lethal bird flu viruses available, and sending the virus to Baxter's subsidiary in Austria, which weaponised it and sent out 72 kilos to 16 labs in four countries almost triggering a global pandemic.

For every crime, there needs to be motive, an indication that it was deliberate, a planned event. The WHO memorandums provide the evidence of just such a deliberate long-term planning to kill people by weakening their immune system by use of the first vaccine, injecting a live virus into the body by a second, and creating a cytokine storm using squalene (<http://thebridgelifeinthemix.info/health/vaccination-adjutant-squalene-is-it-safe-for-elderly-patients/>) and nagalase (<https://thebridgelifeinthemix.info/health/cancers-tumours-autism-diabetes-what-is-really-going-on/>) in a third.

Love the WHO flat-earth logo. Just dangling it right in front of us, but people can't turn their TVs off long enough to see much of anything.
